Your Job

What you give your best for.

/ Creating an ambitious, clear product vision and communicating "the story" effectively to key stakeholders and the rest of the team
/ Collaborating at a strategic level
/ Owning the end-to-end product strategy from inception, and determining business value once the solution enters production
/ Building a backlog of product features by writing user stories and acceptance criteria
/ Continuously improving the backlog, ensuring all items are clearly described and prioritised by applying systems thinking
/ Ensuring customer-driven design, considering user pain points and usability test results
/ Defining sprint goals and driving sprint and release plans
/ Participating regularly in sprint events to guide product development

Your Profile

What you should have.

/ Degree with a focus on business administration or computer science, or comparable qualification
/ Several years of experience in the role of Product Owner
/ Knowledge of relevant domains and products, industry trends, user demands and pain points; the ability to create a high-value product vision
/ Affinity for technology and the ability to engage in discussion with the Data & Analytics team to understand risks
/ Ability to influence a diverse group of stakeholders; strong leadership skills
/ Strong problem-solving skills, with the ability to drive solutions and progress
/ Strong analytical skills to aid in creating user stories
/ Excellent communication skills and business fluency in English
